

Studio Unit

Our studio units offer ample cupboard space to store your belongings and a communal storage space for any larger items. Communal laundry facilities are conveniently located nearby your apartment for your use.

Enjoy the pleasant north-facing living areas and easy access to car parking and gardens. The studios all feature carpet throughout, tiled bathroom, and vinyl flooring in the kitchen. Light fittings are provided in the kitchen, bathroom, outside, bedroom, and living areas.

Safety and security are important to us, which is why we have front and back door security and grab rails available in the bathroom if needed. The fully tiled bathroom also features a vanity and mirrored cupboard, as well as an exhaust fan and heat lamps.

The kitchen is functional with laminated cupboards, a double sink, oven, and range hood. The bedroom includes built-in wardrobes, and the studio comes equipped with plenty of power outlets for your television and telephone.
